They don't build homes like this today! The attention to detail of the craftsmanship in the wood trim cannot be replicated. This multi-unit brick flat is spacious, open and waiting to be restored to her former glory! This gem features large rooms, hardwood floors throughout, plaster cove ceilings with crown moldings. Both levels have two bedrooms, one bath, living and dining rooms. BATVAI upload offers to: https://offerrunway.com/property_info/20086620/2440-Blaine-St-Detroit-MI-48206.html
